Report on Kayakalp Activities – Sanitation and Hygiene

As per the instructions issued by the Directorate of Medical Education and Research, Kayakalp activities on sanitation and hygiene were undertaken at Government Theni Medical College and Hospital, Theni on 27.10.2026 (Tuesday) under Special Campaign 6.

The activities focused on mass cleaning of the hospital and college premises, including high-footfall areas, removal of stagnant rainwater, source reduction, and maintenance of a clean and hygienic environment. These activities aimed to strengthen sanitation, prevent mosquito breeding, and promote infection prevention and control within the institution.

The college and hospital premises have been demarcated into four blocks as follows for proper mass cleaning activities:

Block	Areas
A	1. Administrative block, 2. College building, 3. Exam hall, 4. Auditorium, 5. Siddha block, 6. Psychiatry block, 7. New building.
B	1. Causality, 2. Police station, 3. Birth and Death room, 4. Wash room, 5. 108 building, 6. Blood bank, 7. Tea shop.
C	1. OP building, 2. MRI, 3. Car parking, 4. Post mortem room, 5. Canteen, 6. IOB bank.
D	1. Women hostel, 2. DGNM hostel, 3. Dean quarters, 4. Doctor quarters 5. MBBS boys hostel, 6. Resident doctors block, 7. Play ground.
